1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Current Customer to Dominion Energy South Carolina. I currently have Solar Panels installed on my home.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I am protesting the Establishment of a Solar Choice Metering Tariff pursuant to S.C. Code Ann. 58-40-20 (See Docket 2019-182-E). I feel as if we are being taken advantage of by Dominion Energy of South Carolina for doing the right thing by going Solar. Our investment into the Solar program was based on promises and recommendations at the time of purchase. The average return on investment when I purchased our Solar Panels was nearly twenty years, and now the electric company wants to charge additional fees to homeowners who did the right thing by going "Green". I think that it is only right, that you as the Public Service Commission of South Carolina do the right thing here for the people of South Carolina, and **NOT** allow Dominion Energy to right to increase rates for Solar Panel homeowners.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No
